

Add some sizzle

THESE **HOT NEW SUMMER OPTIONS** WILL HELP YOU LOOK YOUR BEST ON THE COURSE. BY CATHERINE RISLING

We're barely into summer and the temperatures are starting to rise — good thing there's plenty to wear on the course to keep Southern California golfers cool and comfortable. From visors with bling to stylish skorts and shorts for women, to a new cutting-edge polo for men, summer fashions are surely in bloom. Here's a look at some of our favorites this season.

« GREEN TEE APPAREL

Judging by its initial designs, newcomer Green Tee Apparel not only has a catchy name but a dynamic line, as well. The Hep Halter polo (\$56) is designed a bit longer to prevent midriff exposure and includes a tee pocket on the chest. It also includes a built-in support bra and fabric that repels liquids, resists wrinkles, dries fast, breathes easy and is antimicrobial. Available in orange, blue with yellow edging, and yellow with white edging. Also featured is the pleated Swish Skort (\$60) designed with three front pleats with accent metal rivets and invisible seam line pockets in front and back. The fabric is stretchy and breathable.
